

SUPPORTING AND EMPOWERING  
THE FREELANCE WORKERS

# LET US BE YOUR BUSINESS INCUBATOR

## WHO WE ARE

DIGIfreelancer - Digital and business skills for an incubator for freelance entrepreneurship, is a two-year project funded by the Erasmus + Program.

## WHAT WE DO

DIGIfreelancer aims to **create a reference model to provide an adequate entrepreneurial and digital training to freelancers**, not only to support and empower the category at a European level, but also to provide these workers with valuable and effective tools so that they can start or manage a continuous and valuable professional activity.

 <https://digifreelancer.erasmus.site/>

## THE CONTEXT

Despite the number of freelancers increasing steadily in the European countries as well as worldwide, the policies to support the category are not growing at the same rate

## BUSINESS INCUBATOR

We will develop a digital incubator where European freelancers can keep in touch and have access to:

- entrepreneurial training services
- virtual/real networking events
- specific advice
- exchange of skills and experiences
- marketplaces to offer their services and meet companies

## OUR TARGET

VET trainers, existing or wannabe freelancers, professionals and consultants

Co-funded by  
the European Union
